Just briefly this week...

Grafton PS P&C Xmas Raffle \$1 Tickets

Grafton Public School P & C Christmas Raffle

This year, we have chosen an online raffle. Please either click on the link below or scan the QR code in the first picture to be directed to the raffle online. This link and the QR code can be shared to family members elsewhere in NSW if they also wish to support our school. There are some great prizes to be won. Total prize pool is close to \$2000.

The raffle will be drawn at the Christmas Concert so get your tickets now!

wireless sport
headphones

5th Prize: Wireless HeadPhones

Please note

Vaping?

E-cigarettes, or 'vapes', are not safe for young people. They come in many shapes and sizes and can be hard to spot as they can look like everyday items including highlighters, pens or USB memory sticks.

Key vaping facts

- Many vapes contain nicotine. Nicotine can cause long-lasting negative effects on young people's brain development, including impaired learning ability and altered mood, and can increase the risk of depression and anxiety.
- Vapes can contain the same harmful chemicals found in cleaning products, nail polish remover, weed killer and bug spray, which can lead to serious lung diseases.
- Young people who vape are 3 times as likely to take up smoking cigarettes.

The laws around selling vapes

It is illegal to sell vapes to anyone under the age of 18 years. Young people often purchase vapes online, from retail stores, or from friends and contacts on social media. You can report suspected illegal sales of vapes to [NSW Health](https://www.health.nsw.gov.au/vaping) or by calling the Tobacco Information Line on 1800 357 412.

Talk to your child about vaping

It's important to take the time to talk to your child about the risks of vaping. Try to start the conversation in a relaxed easy-going way, and remember your goal is to have a conversation, not deliver a lecture. Importantly, get the facts at: www.health.nsw.gov.au/vaping

[The facts about vaping - Tobacco and smoking - Ministry of Health](https://www.health.nsw.gov.au/vaping)

Electronic cigarettes or e-cigarettes are battery operated devices that heat a liquid (or e-liquid) to produce a vapour to inhale. Using an e-cigarette is sometimes called 'vaping'. www.health.nsw.gov.au

Calendar
